

# SMART Board® 7000 Pro series

## Where breakthroughs happen

The SMART Board 7000 Pro series with iQ is your digital hub for global collaboration, connecting remote teams on all sorts of devices. Looping in more minds for brainstorming sessions and presentations generates better plans and smarter ideas. The next game changer for your business is only one productive meeting away.

Available in two sizes  
75" | 86"

# Everything businesses need one touch away. Thanks to iQ.

No apps to download. No cables to plug in. The SMART Board 7000 Pro series makes meetings more productive right out of the box. Presenters are able to switch between writing notes on the digital whiteboard to quarterly reports to Internet browsing with a tap. A whole new seamless meeting experience frees up hours to get work done.

## Exclusive 7000 features

- Exclusive **HyPr Touch™** technology lets you write and touch with unparalleled precision and responsiveness, while automatically detecting the different pen tray tools.
- **Pen ID™** enables writing in different colors with 4 pens, simultaneously.
- **16 simultaneous touch**, writing and eraser points on Windows® and Mac®.
- Access SMART software, content and applications from the on-screen menu.
- Preview and switch HDMI 1 and 2, DisplayPort and VGA sources from the screen.
- Dual proximity sensors automatically turn on the SMART Board when you walk in the room.
- Easily accessible Convenience Panel for power, volume, freeze frame, USB and HDMI inputs.

## Other key features
